Cube

## **ILLUMINA LE TUE IDEE** ***LIGHT UP YOUR IDEAS***

### **2 MISURE - DIMENSIONS**

80 - 120 mm

### **INFINITI FASCI LUMINOSI - INFINITE LIGHT BEAMS**

Alette orientabili indipendentemente  
Independently adjustable flaps

### **10-85°**

Fascio regolabile  
Adjustable beam

### **MONO/DOPPIA EMISSIONE - SINGLE/DOUBLE EMISSION**

Selezionabile in fase di cablaggio  
Selectable during wiring operations

### **ALIMENTAZIONE DIRETTA - DIRECT CONNECTION TO MAIN VOLTAGE**

Alimentatore integrato 220-240/24V  
Integrated power supply 220-240/24V

### **IP65 WATER RESISTANCE**

Adatto per ambienti interni ed esterni  
Suitable for indoor and outdoor environments

### **COLORAZIONE DELLA LUCE - LIGHT TONES**

Bianco caldo/neutro  
Warm white/Neutral white

### **FINITURE - FINISHES**

Bianco, Nero, Grigio antracite, Marrone  
White, Black, Anthracite grey, Brown

ESTERNI - OUTDOOR

90 x 90 - H 90mm

120 x 120 - H 120mm

# Cube

## **CAMBIA LA SCENA CON UN SOLO APPARECCHIO CHANGE THE SCENE WITH ONLY ONE DEVICE**

Applique dal design moderno, per interni o esterni, con grado di protezione IP65. Estremamente versatile grazie al fascio luminoso regolabile, semplicemente, agendo sulle alette interne. Fascio regolabile da 10° a 85°. Emissione luminosa monoemissione e biemissione selezionabili tramite morsettiera. Driver integrato 230Vac e 24Vdc. Possibilità di alimentazione diretta su impianti 24V. selezionabili tramite morsettiera.

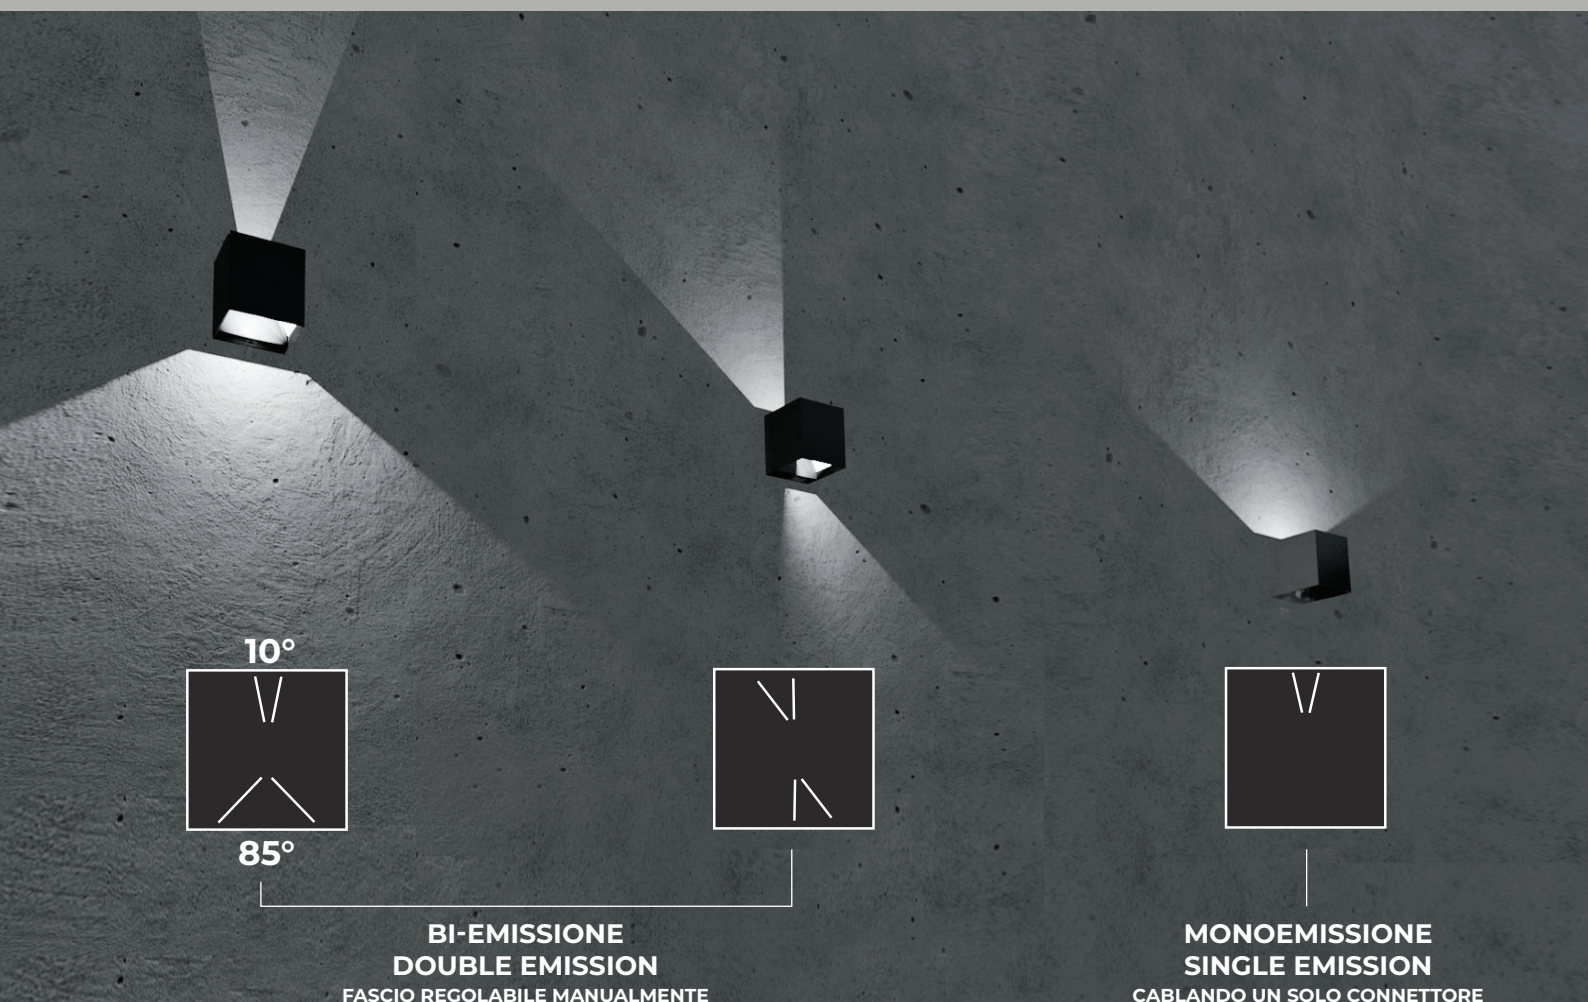

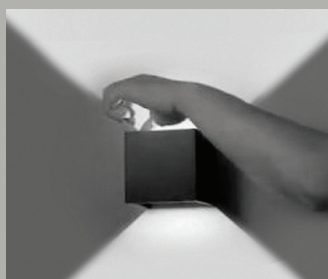

Wall lamp with a modern design, for indoor or outdoor application, with IP65 protection degree. Extremely versatile thanks to the internal movable fins that allow you to easily change the angle of the beams. Adjustable beam from 10° to 85°. Single or double light emission can be selected when connecting the terminal block. Integrated 230Vac and 24Vdc power supply. Possibility of direct feeding on 24V systems. Selectable on terminal block.

# Cube

## INFINITE CONFIGURAZIONI LUMINOSE ENDLESS LIGHT CONFIGURATIONS

CUBE è dotato di flaps regolabili, grazie alla scala graduata è possibile disegnare infinite combinazioni di fasci luminosi, adattandoli al design ed alla texture della parete.

CUBE is equipped with adjustable flaps, thanks to the graduated scale it is possible to draw innumerable combinations of light beams, adapting them to design and texture of the wall.

# Cube

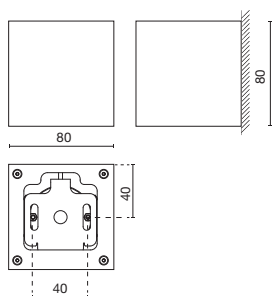

- Corpo vano ottico in estruso di alluminio.
- Verniciatura in polveri di poliestere con trattamento speciale per esterni.
- Schermo tubo policarbonato trasparente serigrafato.
- Riflettore ottico con alette regolabili.
- Fascio regolabile da 10° a 85°
- Configurabile mono e doppia emissione.
- Driver incorporato stabilizzato 230vac/24Vdc.
- Led durata utile: 50.000 (h) L80 B20.
- Consistenza cromatica: 3 SDCM.

- Body and frame in extruded aluminium.
- Painted in polyester powders with special anti corrosion treatment for outdoor.
- Silkscreened transparent polycarbonate tube.
- Reflector with adjustable flaps.
- Beam regulation from 10° to 85°
- Configurable for single or double emission.
- Built-in stabilized driver 230vac/24Vdc.
- LED service life: 50,000 (h) L80 B20.
- Color consistency: 3 SDCM.
